RE: DES Wetlands File Complaint No. 2005-02592, 62 Crane Crossing Rd, Newton

Dear Mr. Schena & Ms. Canney:

On April 26, 2006 and May 4, 2006, personnel from the Department of Environmental Services ("DES") conducted an inspection of the above referenced property, more specifically referenced on Town of Newton Tax Map 7 as Lot 3 (the "Property"). The purpose of the inspection was to determine compliance with RSA 482-A and applicable rules adopted under that statute, and specifically whether the deficiencies noted in the letter of deficiency issued to you on January 24, 2006, have been addressed.

As a result of this inspection, it was determined that the deficiencies described in the letter of deficiency have been corrected. DES will close its enforcement file regarding the Property at this time. DES reserves the right to reopen this matter should additional information be received regarding additional violations on the Property.

Please be advised that further work in wetlands, waters of the state, or other areas of jurisdiction of the Department requires a posted, approved permit prior to carrying out such work.

Thank you for your assistance to bring this matter to a resolution. Should you have any questions regarding this letter, please contact me at (603) 559-1515 or by e-mail at [elewis@des.state.nh.us](mailto:elewis@des.state.nh.us).

Sincerely,

  
Eben M. Lewis  
Compliance Investigator
